

# BIKE PARK TRAIL MAP

## RIDE SMART

**SLOW DOWN BEFORE YOU SPEED UP.** Crashes can happen on your first lap. Ride the trail multiple times to get familiar with the features and equipment you're on so you can confidently push your limits without pushing your threshold. Jumping skills are required for free-ride trails.

## PRE-RIDE

Warm up the brain and body by inspecting the trail at low speed. Take the time to check your equipment.

## RE-RIDE

Lap the trail a few times and get to know the flow of the feature.

## FREE-RIDE

Start small and work your way up to faster speeds and larger features.

**TRAILS CHANGE DAILY**

## UNDERSTANDING BIKE PARK SIGNAGE

All routes within the Bike Park are designated by colour-coded trail markers at the start of each descent. Trails with an orange oval indicate freeride trails with man-made features and may require jumping skills. Work your way up to more advanced trails and features based on your progression, skill and comfort level.

### FREERIDE

Freeride trails are machine-cut and contain man-made features. Routes may be enhanced with dirt jumps, side-on features, gaps, narrow surfaces, wallrides, berms and other natural or constructed features. All freeride trails are identified with an orange oval.

**JUMPING SKILLS MAY BE REQUIRED**

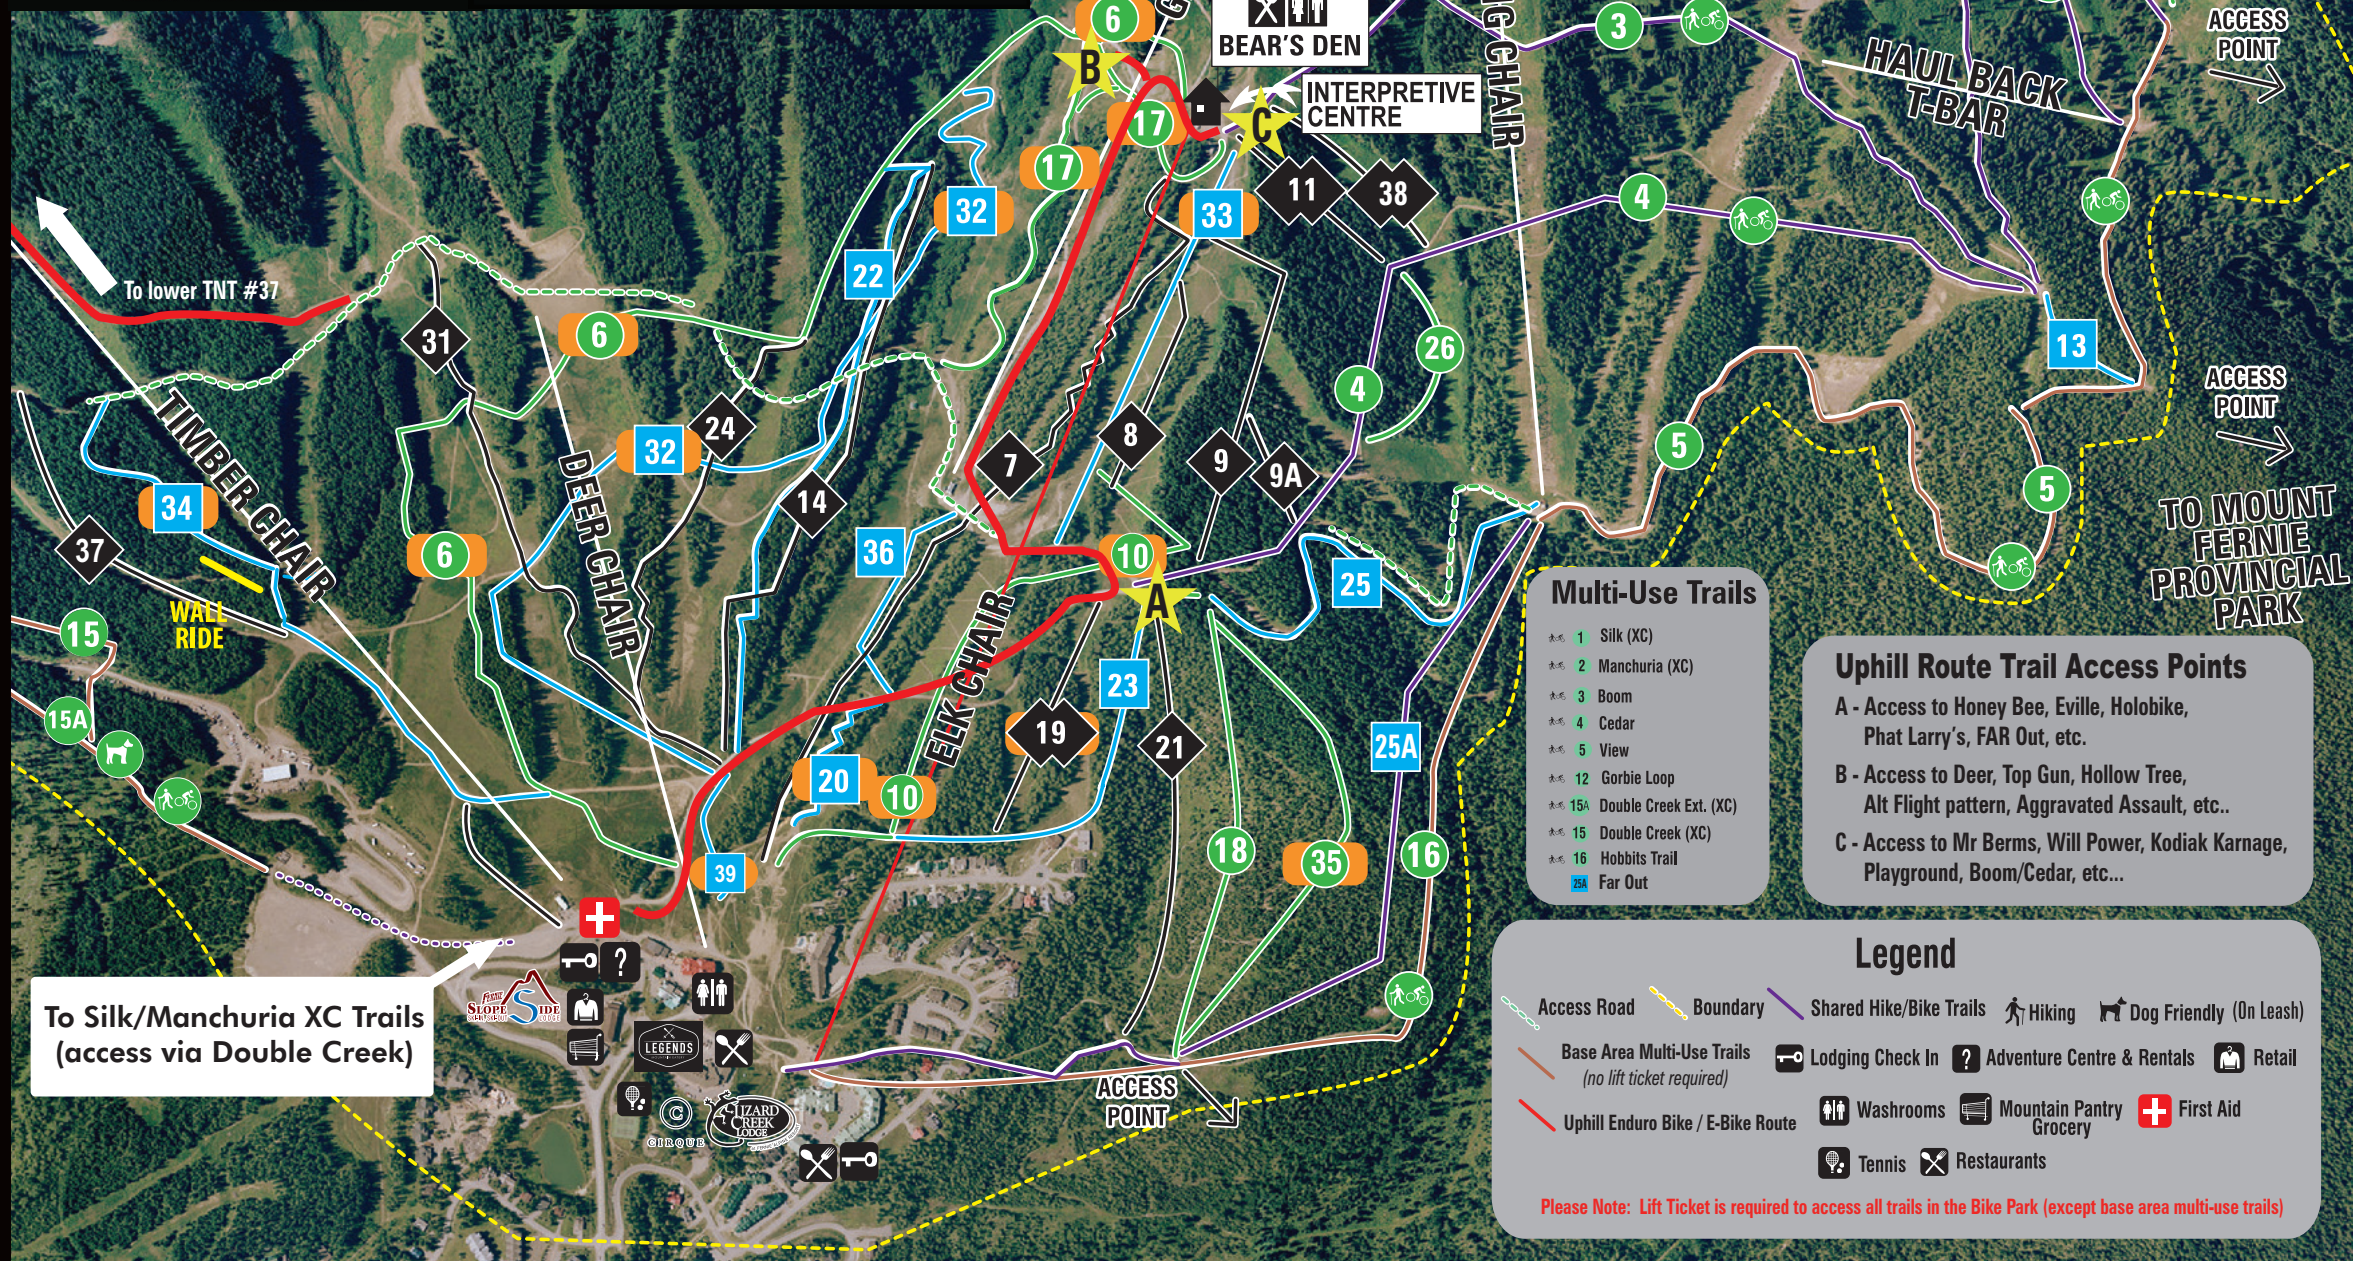

### TECHNICAL

Technical trails are designed to embrace the rugged shape and terrain of the mountain, utilizing a majority of natural terrain. Routes are typically hand-built and feature organic obstacles and stunts such as rocks, roots, logs, drops, jumps & other natural or constructed features that require technical riding skills. Technical trails are identified by just their difficulty symbol. Jumping skills may be required.

### TRAIL RATINGS

<b>BEGINNER</b>		Gentle riding with obstacles such as gravel, roots, rocks, potholes and bridges. <b>MUST HAVE RIDDEN A BICYCLE BEFORE</b>
<b>INTERMEDIATE</b>		Challenging riding with steep slopes and/or obstacles, possibly on narrow trails with man-made obstacles and features. These include but are not limited to jumps, ramps, elevated berms, gaps, drops, rocks and other terrain variations. <b>MUST HAVE ADVANCED MOUNTAIN BIKE HANDLING SKILLS</b>
<b>ADVANCED</b>		Difficult riding with a mixture of long steep descents, loose trail surfaces, numerous natural & man-made obstacles and features. These include but are not limited to jumps, ramps, elevated berms, gaps, drops, rocks and other terrain variations. <b>MUST HAVE ADVANCED MOUNTAIN BIKE HANDLING SKILLS</b>
<b>EXPERTS ONLY</b>		Highly difficult riding. Some elements that will be encountered include large man-made and natural jumps & obstacles, wood ramps, elevated narrow trails, drops, rock faces & other difficult terrain variations. <b>EXPERT MOUNTAIN BIKE RIDERS WITH VERY ADVANCED MOUNTAIN BIKE HANDLING SKILLS ONLY</b>

There may be more difficult features to the sides of trails than otherwise indicated on the ratings.

**Due to fire hazard, smoking/vaping is not permitted on Fernie Alpine Resort property.**
